Little Lunch

INTRODUCING OUR FREE APP & TEACHERS GUIDE

The **Little Lunch App** easily allows primary students to create, deliver and share their own *Little Lunch* inspired episode, using a tablet device. Students are guided through a series of steps that help them establish their story - Who is your main character? Take a picture of them. Who stars in your film? Add their names to your credit roll. Where did your story take place? Draw a picture of the place that best represents your story.

They move their way through their 'story arc', filming 5 scenes that make up their 'Little Lunch' story. With each scene, they're given the option to place their film in the past or present, to use 'natural' sound or a voice over – helping them to understand the basic structure and principles of storytelling, whilst encouraging them to be creative and play with traditional time and narrative structure.

When all the stages are complete, the **Little Lunch App** magically stitches together what the students have filmed, recorded, typed or drawn into a personalised short movie that replicates an episode of the original *Little Lunch* television series, ready to be shared.

WA SCHOOLS TO ACCESS ACTF RESOURCES

The Hon Peter Collier MLC, WA Minister for Education, was at West Leederville Primary School with Janet Holmes à Court, to announce that his Department has licensed the ACTF's entire catalogue of children's television series and educational resources for use in government schools throughout WA.

The agreement consolidates the close relationship the ACTF has shared with the WA Department for over 30 years. It is a clear endorsement of the ACTF's vast array of programs and high quality education resources that enhance learning and teaching in the classroom. The resources will include ACTF television programs in digital format, Study Guides, Teacher Resources and Apps for students to create their own digital content. The ACTF's digital resources will be delivered to all WA Department primary and secondary schools via the Department's 'Connect' portal.

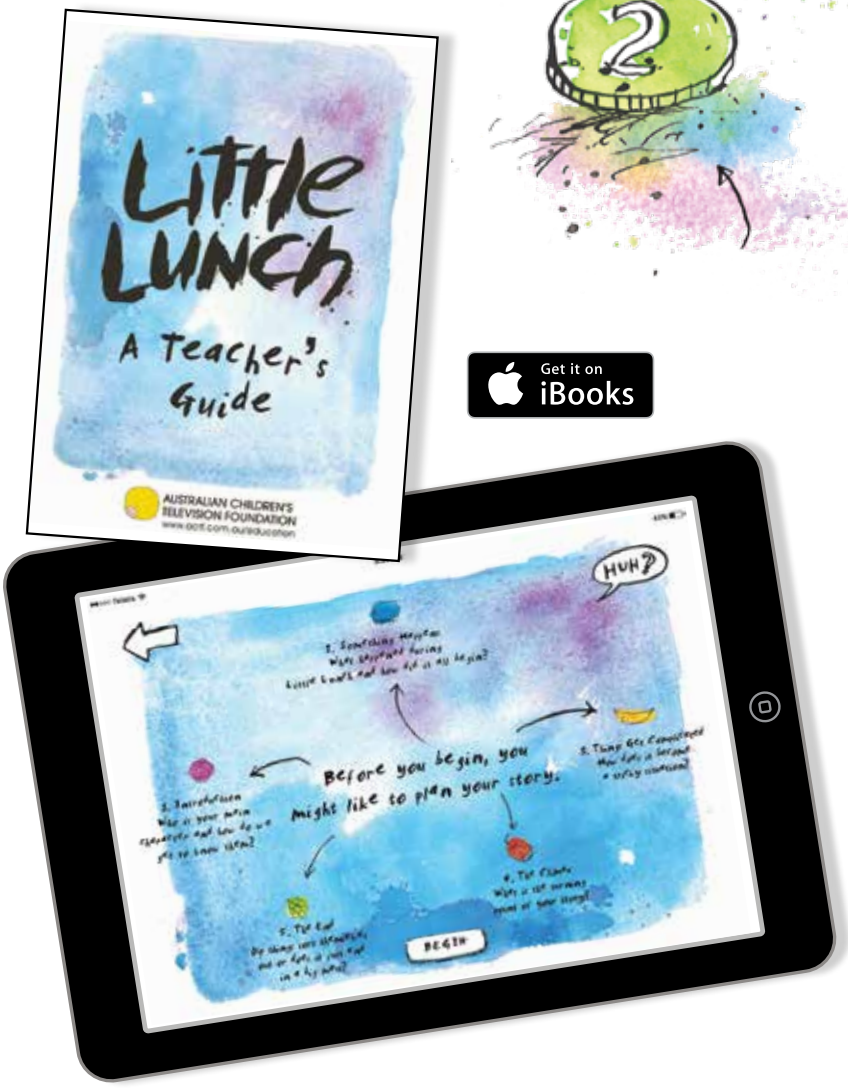
As Minister Collier observed at the launch, "By preparing young people to understand and participate actively in the media surrounding them, we are teaching them to critically understand and evaluate what they are exposed to, rather than being passive viewers." The ACTF looks forward to working closely with WA Education Department staff and teachers to ensure our digital resources add significant value to learning in primary and secondary classrooms across the state.

IT'S ALL TOO SHORT, BUT TOMORROW THERE IS ALWAYS ANOTHER 'LITTLE LUNCH' AND ANOTHER STORY TO BE RE-TOLD!

Little Lunch: A Teacher's Guide steps teachers through each of the screens within the **Little Lunch App** - highlighting relevant curriculum links and providing additional screen-based activities that can be used with students to develop the skills and knowledge they require to be effective 'Little Lunch' storytellers.

The interactive, multi-touch Teacher's Guide also features a *Little Lunch* episode guide – including the original series trailer and a synopsis for all 26 episodes, matched with relevant themes and topics for appropriate classroom use.

The Teacher's Guide is available in the iBook Store. For android users, a PDF version can be downloaded from The Learning Centre at:
www.actf.com.au/education/learning_centre



NEW RELEASE PROGRAM

Set in inner city Sydney, *Ready for This* is the story of six teenagers, all elite within their own field, each with a different agenda and different dreams.

The six teenagers move into a hostel, Arcadia House, and they must find a path through the new challenges and adventures that the big city offers while dealing with all the trials of growing up.

Zoe (Madeleine Madden) moves to Sydney to attend a sports high school in the hope of fulfilling her long-held Olympic dreams. Zoe learns that to succeed, she needs to strengthen her mind as well as her body. A rising talent in the AFL world, Levi (Aaron McGrath) reunites with his estranged father and deals with his tumultuous relationship with Zoe.

Away from parental pressures, Arcadia House is an avenue for Dylan (Liam Talty) to pursue his passion for electronic music and graffiti art. Coming from a religious and conservative family, Ava (Majeda Beatty) must gain the confidence to accept who she truly is, as well as overcome her fear of performing in public.

After her mother passed away, Lily (Leonie Whyman) got caught up in the wrong crowd. Her father moves her to Arcadia House in the hope that new friendships and passions will allow her to finally overcome her grief. Lily's one friend at school, Reece (Christian Byers), has a secret. An invitation to come and stay at Arcadia House is the solution he desperately needs. There, his ability to connect with each of the different personalities allows him to become the heart of the group.

CURRICULUM RESOURCE PACKAGE FOR CHINESE LANGUAGE TEACHERS

In partnership with the Asia Education Foundation (AEF) the ACTF is pleased to announce the release of the **Hoopla Doopla! Curriculum Resource Package** for lower-primary Chinese language teachers.

Hoopla Doopla! is a unique and ground breaking show for 3-7 year olds, using physical action and comedy to drive the story. The characters tumble, juggle, leap and somersault in and out of trouble. *Hoopla Doopla!* was filmed in Beijing with a mix of Chinese and Australian cast and crew.

Based on **English** and **Mandarin** language version episodes of the highly popular *Hoopla Doopla!* series the resource is aimed at Foundation to Year 2 level.

The extensive range of activities in the resource are based on the Engage, Explore, Reflect, Inquiry Model and are aligned to the Australian curriculum. Primary F-2 teachers and students will be given opportunities to engage with the Chinese language – Second Language Learner Pathway to improve language learning outcomes and to develop Intercultural understanding.

Each learning sequence within the resource explores celebrations, holidays and festivals that are known and often celebrated in the classroom. Teachers and students are able to access both the English and Chinese language *Hoopla Doopla!* episodes that illustrate particular themes linked to celebrations, holidays and festivals.

The AEF is Australia's foremost agency supporting Asian literacy in school education and has a 23-year track record of developing high quality curriculum resources, teacher professional learning, school-based programs and policy.
